

Hosted by the DeKalb Medical Foundation, your support of this event will expand capacity of Breast Ultrasound at DeKalb Medical, a key component to diagnosing or ruling out Breast Cancer. Early and accurate diagnosis of breast cancer is still the biggest key to beating breast cancer. Breast Ultrasound is a non-invasive procedure used in conjunction with mammography to assist in determining the cystic versus solid nature of breast masses either found during physical examination or diagnosed on the mammogram. This additional breast ultrasound will further reduce delays in getting these needed studies done and speed the peace of mind that comes with knowing.

SPONSORSHIP & UNDERWRITING OPPORTUNITIES

All sponsors and underwriters at the \$1,000 or higher level will be named in the event program; at the \$3,000 or higher level will be named on the Business & Corporate Honor Roll in the lobby of DeKalb Medical's North Decatur Campus; and at the \$5,000 or higher level will receive a publicity photograph in our community magazine, *Pushing Beyond*. Please check at which level you would like to support the Charles B. Eberhart Memorial Golf Classic.
